

BISHOP'S ANNUAL REPORT

Of Receipts and Expenditures of the Reorganized Church of Jesus Christ of Latter Day Saints from January 1, 1918, to December 31, 1918

The common concern manifested by the Saints in the financial progress of the church in the year 1917, has in face of many hindering causes been maintained with increasing interest in 1918. An analysis of the following summarized report shows that the tithe, offering, and consecration receipts for 1918, exclusive of the Christmas offering, exceeded the 1917 contributions for the same purposes by \$61,714.37. During the year the amount spent to aid the poor and needy ones, beside the amount paid to the various homes and other church institutions was \$6,496.01 more than the amount paid out for this worthy object in 1917. While the statement shows a total indebtedness on December 31, 1918, of \$159,686.19, there has since been paid by

Presiding Bishop's Office	\$29,068.56
Graceland College	14,735.62
Herald and Ensign Offices	39,838.78
Totaling	\$83,642.86

leaving unpaid March 24, 1919, a total indebtedness of \$76,043.33, with cash, certificates of deposit, and bonds in hands of the Presiding Bishop, local bishops and agents sufficient to wholly satisfy all outstanding obligations when they mature.

The Sunday schools returned a Christmas offering of \$90,807.56 or \$16,130.38 more than in the year 1917. The hearty response of the schools in all parts of the world to the suggestions of Brother Arthur W. Smith, appointed by the General Sunday School Association to supervise this work, is commendable, and reveals what it is possible for the church to accomplish by a united effort. We believe that the raising of the Christmas offering has proven a valuable lesson in team work, increased the interest and gained membership. Now that the special object to which this fund has been applied during the past two years has been accomplished, a few have thought we should slacken our efforts. It should be recognized, however, that freed from debt, the church is under a greater responsibility to carry the gospel of our blessed Lord to those that sit in darkness. Let us then contribute our tithes, offerings, and consecrations, not grudgingly, nor of necessity, nor to the hurt of the work locally, but with a free heart, willingly; that the missionary work may be performed; the poor and needy supplied, and stewardships established. Should the Bishopric, after mature consideration, propose some one special object for which the offering of 1919 should be used, announcement thereof can be made at a later date. Besides the work of the traveling and local bishops, bishop's agents and solicitors, without which this splendid financial showing could not have been possible, acknowledgement is made of the cooperation of auxiliary societies and ministry generally.

It will be noticed that this report included a statement of the houses of worship owned by the church throughout the world. This record, while not complete owing to the difficulty in obtaining the necessary data, could not have been submitted at this time had it not been for the untiring efforts of Brother Robert T. Cooper, under whose direction the report was made. Heretofore each branch has purchased its fire protection from some local fire insurance company. From information in hand we hope that the Bishopric may be able to formulate a plan for legislation to be enacted at this conference by which it may be made possible for the church to carry fire risk on church buildings, permitting money heretofore spent for fire insurance to form a church extension fund.

The questionnaires mailed to the membership during the year have elicited favorable comment, and the returns to date have made possible the compiling of statistics which will be very necessary and helpful in the development of the Zionia program. In this work we are fortunate in having had the able assistance of Brother J. August Koehler.

The willing contributions of funds for the purchase of lands to establish stewardships is very gratifying. Fifty thousand dollars (\$50,000) has already been so invested. Donations for this purpose to date, however, amount to only \$17,564.29. We are satisfied, now that the war is ended and the requirements of the Government are lessened, this fund will increase apace, as it should be apparent to all that it must, before a great deal in this regard can be accomplished.

In the month of October, arrangements were effected whereby Bishop Mark H. Siegfried, in addition to his duties as manager of the Independence Sanitarium, undertook the active supervision of the work of the Bishopric relating to the Homes. This has made possible a more careful investigation of all applications for admission and it is expected will result in the arranging of the work so as to give better service to those seeking the aid of these institutions without additional expense to the church, and making possible the extension of the field of usefulness of these institutions.

The report of the stewards managing the Independence and Lamoni Storehouse and Lamoni Steam Laundry show a very satisfactory progress. These establishments are filling a present need and gaining an increasing patronage.

Several requests of the Bishopric to foster similar enterprises in other localities have been received. We have thought best not to encourage such undertakings until experience has proven, not only the value, but also the best method of conducting these endeavors. Many letters have been received and interviews held relative to the gathering. To all such we have felt, and still feel constrained to say: "Let your gathering not be in haste; have all things prepared."

During the year members of the Presiding Bishopric have traveled quite extensively in the interest of the work as occasion required, or opportunity afforded, and have everywhere found an increasing interest manifested to know the temporal law and desire to comply therewith.

Pursuant to resolution of the Order of Bishops with the assistance of the General Church Auditor, Brother R. B. Trowbridge, a uniform Bishops and Bishop's Agent's Ledger has been prepared, and is now in use; also a uniform receipt and report blank by which it will be possible to audit all accounts at the general office. We do not, however, advocate that district and stake auditors be released unless experience shall prove they are unnecessary.

The general church offices, while furnishing temporary relief are inadequate to the present requirements. Brother Henry C. Smith, (Church Architect) is preparing plans to provide additional space. The necessity for this building operation, together with the College Library and General Conference building at Independence to properly meet the growing demands is unquestioned.

There is under consideration a general church budget plan designed to secure a proper application of church funds to such objects and in such proportion as to conserve and advance the work as a whole. It is expected this plan may be perfected in time to receive the approval of this conference.

In order for the church to successfully perform the work which is entrusted to all, we have felt impressed to advocate: "Every member a tithe payer." Past efforts have brought new opportunities. May we all correctly evaluate and properly use them to the blessing of mankind and the glory of our heavenly Father.

Respectfully submitted,
 BENJ. R. MCGUIRE.

INDEPENDENCE, MISSOURI, March 24, 1919.
