The Saints' Herald for October 31, 1917

PRESIDING BISHOP B. R. MCGUIRE

To the General Conference: It has been thought to supplement the usual financial report with a statement concerning the transaction of the business of this office and make a few deductions to show the actual state of the church finances and point out the most pressing needs.

By agreement with Bishop E. L. Kelley, April 29 was fixed as the date when his administration of the business of the office should formally end and that of his successor commence. Notice to this effect was published in the *Saints' Herald and Zion's Ensign*, and the local bishops and agents were required to submit reports accordingly. This made necessary the two reports, as published, one covering the period from January 10, 1916, to April 29, 1916, and the other from April 29, 1916, to December 31, 1916.

Except for a few weeks spent in arranging our personal affairs and responding to urgent official calls elsewhere, our entire time has been spent at the office in Independence, Missouri.

Checking up the church real estate holdings proved to be a work of several months. In this I was greatly assisted by Brother D. J. Krahl. Bishop Kelley has willingly executed deeds where it was considered necessary. As you may probably know, we are at the present time carrying out a plan to check up the real estate holdings of the local congregations throughout the world. There are over three hundred of these houses of worship, aggregating in value hundreds of thousands of dollars which are not included in the statement of the available assets of the general church.

By the action of the last General Conference in adopting the recommendation of the joint council, to whom was referred the auditors' minority report, the matters therein mentioned were referred to the First Presidency and Presiding Bishopric for adjustment. These have been given attention and the disposition of them approved by the Standing High Council.

Since April 29, 1916, the present worth is reduced by \$45,088.32. This is occasioned by the large amount charged against Loss and Gain. These accounts and bills receivable of uncertain value have been transferred to a special ledger. Against some of them the Statute of Limitation has run and there are others which we have no reasonable assurance of collecting. These accounts will be followed up periodically and returns therefrom credited to Loss and Gain.

The report apparently shows that some funds have been invested in real estate. This arises from some paying their tithing by transferring title to real estate, which we have not been able to sell. In other cases members who were indebted to the church for money loaned and not in position to repay the same have transferred their property to the church in payment, or as security for the funds borrowed.

On May 1, 1916, the amount of Bills Payable was \$204,583.11; on December 31, 1916, the amount was \$192,462.98. To-day, March 17, 1917, it is \$187,564.17. To Bills Payable of May 1, 1916, we add \$14,600.00 secured by deeds of trust on real estate (the equity only having been heretofore carried on the books—these properties now are entered at full values) making total Bills Payable May 1, 1916, \$219,183.11, or a reduction of \$31,618.94.

On May 1, 1916, \$20,300.00 was secured by deeds of trust on particular parcels of real estate. To-day the total amount of notes secured by mortgages on real estate is \$11,950.00.

The present average rate of interest on the \$187,564.17 Bills Payable is 5.6 per cent. This means that during the year 1917 the church will probably pay about \$11,000.00 for interest, as against \$13,161.06 paid during 1916, or a reduction of \$2,161.06.

The total reduction of liabilities from May, 1, 1916, to December 31, 1916, is \$21,157.10.

During the year the elders' family allowances have been promptly paid. Where from lack of sufficient funds any agent has been unable to care for the allowances on his list, the necessary funds have been forwarded immediately upon receipt of notice. Besides this we have been called upon to pay some heavy local improvement assessments on real estate, paid the Supply Store the accumulated accounts owing by the Homes and College, and have taken care of the college budget and met the added expenses of the missionaries' families occasioned by the increased cost of food stuffs and the many transfers ordered by the 1916 Conference.

In the light of these facts, which reveal the confidence of the Saints in the church and its officers, we have reason to praise God and press forward to greater achievement during 1917.

During the year the matron of Kensington Home resigned. After consultation with President Smith, and with a view to later consolidating all of our old folks' homes, it was deemed best to care for the inmates of Kensington at Bonheim.

Besides caring for the poor and needy, meeting the elders' and their families' expense and paying our financial obligations this conference year, we must be prepared to assist the homes, Sanitarium and college as the needs demand and provide funds for Kirtland Temple and other needed property improvement. The provisions for the erection of General Office Building should receive immediate attention.

Methods will be devised as authorized and directed by the Lord to meet the increasing desire for gathering and settlement in the regions round about. In this the Saints must observe the commandment to have all things prepared before them and consult with those who have been appointed for this purpose, in harmony with the law, before removing into those regions. A great responsibility rests upon the members of the Aaronic Priesthood, standing officers to the church. The full performance of duty on their part will go far toward molding the attitude of mind and heart necessary to the development of Zion's conditions.

We shall endeavor to arrange the affairs of the Presiding Bishopric so as to perform every duty, discharge every obligation, and adequately meet every situation and contingency.

For the success of this department during the conference year now closing we acknowledge the generous help of the office force and here wish to thank Bishop Kelley for the deference which he has shown us and the kindly manner in which he has so willingly assisted us to discharge the onerous duties which he performed for so many years.

Attention should be called to the harmonious relations existing between this office and the local bishops and agents and with the leading quorums of the church, and also the generous support extended. We have had frequent consultations with President F. M. Smith which have greatly aided us in our work.

For the loyal support of the Saints and the sharing of his full part of the load, and more, by Bishop James F. Keir, whom our heavenly Father in his wisdom and love has associated with us in this work, we are deeply grateful. I recognize our indebtedness to him for every good and perfect gift and have determined to live by every word that proceedeth out of the mouth of God. With the sustaining grace and illuminating and guiding influence of his Holy Spirit, I feel assured the infinite purposes of Jehovah will be accomplished in us to our blessing and to his honor and glory.

Respectfully submitted,

BENJ. R. MCGUIRE.

INDEPENDENCE, MISSOURI, March 17, 1917.

PRESIDING BISHOP B. R. MCGUIRE
